When the pay cap waiver code is entered in FPPS, it will automatically trigger a reprocessing of the timecard on the IBC side. We don't have to reprocess the timecard on the PeoplePlus side.

Okay, thank you. Will he have to reprocess those timecards, and when will he be notified to do it?

Brendan,

Scott's on the list for the lift, but it hasn't been processed yet by HR. I'm also on that same list.

John

Hi, John,

Do you have **Scott Hudson** on the any of your Region 6 pay cap lift waivers? He works in HQ and was in Houston with the ASPECT and PHILIS assets. He said that his LES had a note that his hours were cut-back due to the bi-weekly pay cap.

Thanks.
Brendan
